Ok. Can I redact people's personal names/numbers as I normally would with emails?

Provide the screenshots without explanation. If he pushes back on the format, let him know your office does not have the capability to download the messages in their original format.

Frank, Bethelwel, Strefan -

Adrian had previously requested my text messages "in the format in which they're stored." I talked to Strefan about this last year, and we checked with ITA and we were told we did not have a way to do that. I don't think he wants screenshots.

Can you please advise on how I should respond?

Thank you,

Adrian,

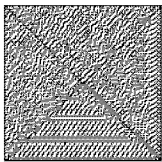

I'm so sorry; this simply slipped through the cracks.

Please be advised that this office finds that "unusual circumstances" exist with respect to this request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

Since I was delayed in issuing this response, we will make a determination concerning this request in a shorter than normal time frame. We expect to make a determination concerning your request on or before June 17, 2019.

If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter. Apologies again for the delay!

Best,
